

# WEDDING PHOTOGRAPHY

# About ME

HELLO!  
Hi! hey!

My name is Sarah. My job is to shoot your totally awesome, adventurous weddings and it's the best job in the world. I'm based in Buxton, Derbyshire in the heart of the Peak District National Park.

In short, I **LOVE** photographing weddings. I have over 8 years experience in shooting weddings, of which I have spent time delicately fine tuning my style.

You're probably sat in work or on the sofa, scrolling endlessly through wedding vendors, when you'd much rather be out having an epic adventure? If that sounds like you, keep reading!

I know you don't want a camera pointing in your face all the time but still want some special images. That's why I'll be completely non-intrusive, by capturing each individuals

emotions naturally, offering a true and meaningful representation of the day. **I DON'T DO CHEESY** (unless we're talking about the food, in which case I'm all about the cheese).

If you're outdoorsy, adventurous and just generally all-round-cool and are looking for a wedding photographer, then I'm your girl!

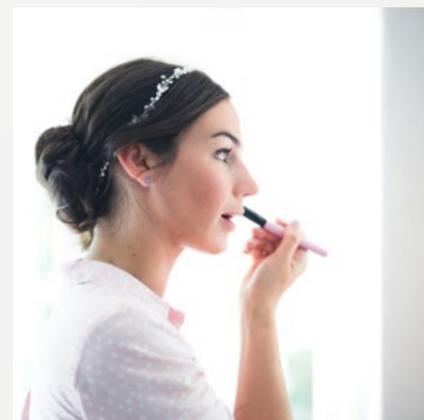

# What To EXPECT

The images captured on your big day should reflect both you as a couple and be a true representation of your celebration. So if you want to meet up to have a chat about your wedding **and dogs and campervans and adventures...** ok sorry, I got off track... let me know and we can arrange a suitable time. I also highly recommend taking up my **FREE** engagement shoot, as this allows you to get to know me as a photographer and I will be able to get an idea of what you're like in front of the camera before your big day!

## PREPARATION

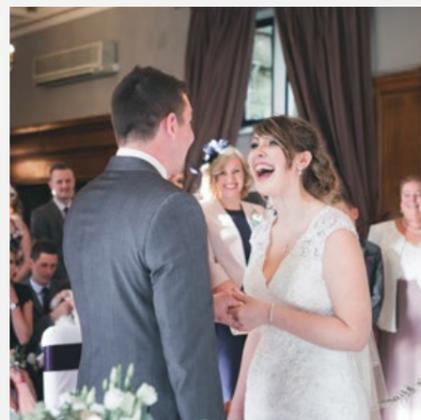

The photography coverage begins when the story of your big day gets underway, with the preparations. Beautiful shots of the bride/groom having their hair and/or make-up done, bridesmaids adding finishing touches, the dress/suits being fastened up, portraits, any group shots with the bridesmaids/parents/siblings and then the bride/groom and party entering the car if applicable.

If required, I will then proceed to the other bride/groom's location to capture similar details. Secondary prep coverage is subject to timings and location.

## THE CEREMONY

Whether you are getting married in a church, registry office, hotel or outdoors, providing the vicar or registrar permits, I will capture all aspects of the ceremony. This includes shots of you exchanging of vows, the rings being placed, the kiss and confetti if applicable.

## THE RECEPTION

Once your guests are settled down, the drinks will be flowing as will the speeches. I aim to capture the natural reactions of both the bride/groom and all of their guests.

After the speeches, the cutting of the cake will follow. I will showcase your cake in all its glory before and whilst you are cutting the first slice.

## THE PARTY

It's time to relax, get those party shoes on and let your hair down! You will likely have chosen the perfect song for your first dance and I'm here to capture that moment.

## GROUP SHOTS

After your ceremony, the group shots will take place. Unless otherwise specified, I will require the assistance of the groomsmen to organise the 8 groups shots provided by yourselves prior to the day. I will then take you both aside a little later on to shoot your styled couple shots.

# 2020/2021 PRICES
